This is part of an ongoing project of the UNESCO Chair in Bioethics and Human Rights, which will be holding a three-day workshop around this period. For more information, see www.unescobiochair.org info@unescobiochair.org

Conferenza tenuta in lingua inglese con traduzione simultanea in Italiano

Starting from the presentation of their recently published book *Religious Perspectives on Bioethics and Human Rights* (Springer, 2017), a group of international academics will discuss the interconnection between six religious traditions (Buddhism, Christianity, Confucianism, Hinduism, Islam, Judaism) and human rights, with a specific emphasis on what this can mean in particular instances where informed consent is required.
